History & Heritage

Former family home of the painter **Henri de Toulouse-Lautrec** (1864 - 1901), the Chateau was his shelter for peaceful retreats from his Parisian life. He installed his summer art workshop there, and ended his life in this motherly residency at the age of 37.

Let's dive into the world of Lautrec combining **culture, wine, gastronomy and wellness**, in this 16th century house located in South Gironde, 40 minutes away from Bordeaux and 10 minutes from Langon in the area of Entre-deux-Mers.

A perfect harmony between tradition & modernity

The Huynh family, current owner, bought the Chateau in 2013 and is involved in preserving this **heritage** while providing an undeniable **modernity**, by bringing together know-how and savoir-vivre.

An ideal place for **relaxing, chilling out, learning, contemplating and enchanting your daily life**, for a day or a stay in our guest rooms.
